Therafit's Fitness Center offers our members a unique environment as the health club is located within, and adjacent to, our physical therapy center. Our staff is professionally trained in not only health and fitness but are also experts in orthopedic injury rehabilitation and prevention.

Our health club also has state-of-the art CYBEX and HOIST upper and lower body resistive equipment, STAR-TRAC treadmills, Cybex Arc Trainer, bikes, elliptical trainers, Stairmasters, versa-climber machines as well as free-weights, medicine balls and kettle bells. The Fitness Center offers a relaxed environment for members who prefer to get in a great work-out without the crowd and loud music. Plus, it is extremely affordable. Call or stop by today!
